What Is The Colour Red

Notable national political colour schemes include: In Argentina, the peronist Justicialist Party (PJ) uses blue, the centrist Radical Civic Union (UCR) uses red, the centre-right Republican Proposal (Pro) uses yellow, the centre-right peronist Renewal Front uses black, the centre-left Progressives use orange and the leftist Workers' Left Front uses dark red.

Political colour - Wikipedia

Red is the color at the end of the visible spectrum of light, next to orange and opposite violet. It has a dominant wavelength of approximately 625–740 nanometres. It is a primary color in the RGB color model and the CMYK color model, and is the complementary color of cyan. Reds range from the brilliant yellow-tinged scarlet and vermillion to bluish-red crimson, and vary in shade from the pale ...

Red - Wikipedia

Most colour blind people are able to see things as clearly as other people but they are unable to fully 'see' red, green or blue light. There are different types of colour blindness and there are extremely rare cases where people are unable to see any colour at all.

Colour Blindness - Colour Blind Awareness

Colour blindness: Colour blindness, inability to distinguish one or more of the three colours red, green, and blue. Most people with colour vision problems have a weak colour-sensing system rather than a frank loss of colour sensation. In the retina (the light-sensitive layer of tissue that lines the back and sides
